

Housing Authority of the City of Pocatello - Newsletter Winter 2011

What a fun winter it has been! Perhaps most notable was Santa's visit to Portneuf Towers and Christensen Courts! What a surprise he was for all of us.

Now as we enter a New Year, everyone is mindful of new resolutions (or goals, as I prefer to call them). I truly believe that the self evaluation that goes into creating a New Year's Goal is vital in order to become better; better professionally and personally. We each have a vision of what or who we would like to be. Our goals are the measurable steps in becoming that vision.

What vision do you have for yourself? How will you get there? Good luck to each of you as we all strive to become our better selves!

Sunny

☺ REMINDERS ☺

It is winter – which means it is very slick outside! Please be careful.

If you are an apartment dweller, remember to be mindful that excessive noises can be heard by your neighbors. Respect for each other is the key!

PORTNEUF TOWERS RESIDENTS

Please be careful not to let strangers into the building or block the doors open! The security of your community depends on it.

SCHOLARSHIP APPLICATIONS

PNRC college scholarship applications are available at the office. Act quickly as the deadline is rapidly approaching!

We are so excited to be able to partner with the University of Idaho's Food and Nutrition Education Program. We are currently registering participants with children in the household for a series of free nutritional and cooking classes to be held here, at the Housing Authority. Contact us for more information.

Kathy Eaton will be retiring from the Housing Authority on the 31st of January.

She has been with us for 30 years!

*****We will miss her terribly but wish her the very best in her future adventures.*****
